Patio Doors in Bronze

SLEEK DESIGN, AND A MODERN AESTHETIC BRING NATURAL LIGHT AND PANORAMIC VIEWS INTO ANY LIVING SPACE

Multi-Slide Vinyl Patio Doors are crafted to enhance the visual connection between indoor and outdoor spaces. With expansive glass panels and ultra-slim profiles, they create a seamless transition that makes any room feel larger and more inviting. The minimalist frame design ensures that sightlines remain clean and unobstructed, allowing natural light to flood your space while providing breathtaking panoramic views.

Beyond their elegant appearance, these doors are engineered for modern living. The sleek design complements a variety of architectural styles, from contemporary to traditional, offering a customizable aesthetic with multiple color and grid options. Whether you prefer a streamlined, grid-free look or a more classic touch with divided panes, these patio doors provide a perfect balance of beauty and function, transforming any home with timeless style.

- Ultra-slim profiles provide uninterrupted views, making your space feel larger and seamlessly connected to the outdoors.
- Contemporary design with clean lines and a smooth-gliding system enhances both style and ease of use.

Modern Black Multi-point
Locking handle

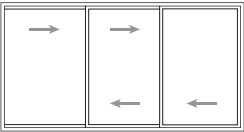

Product Benefit

- Sleek profiles and contemporary styling to match the modern aesthetic
- Multiple colors, grid styles and hardware finishes to match your style
- Smooth, effortless operation with durable ultra-durable wheels

SIZING AND CONFIGURATION

Multi-Slide Vinyl Patio Doors are available in two configurations: a three-panel and a six-panel design, each offered in multiple widths to suit a variety of spaces. The three-panel configuration allows for a dynamic opening experience, where one panel remains fixed while the others glide effortlessly to the left or right, stacking neatly within the frame for a streamlined appearance. This flexible design maximizes the open-air feel while maintaining a clean aesthetic.

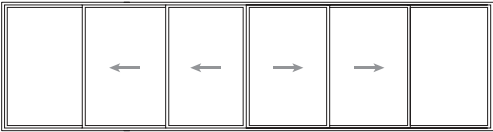

For larger openings, the six-panel configuration enhances both function and symmetry. The center panels operate as the primary entry point, smoothly gliding apart to create a wide passageway, while the remaining panels slide and stack on their respective sides. This balanced movement ensures effortless operation, making these doors an ideal solution for expansive indoor-outdoor transitions without compromising space or design.

3 Panel

Available in any combination of

Widths	86"	104"	139 7/8"
Heights	79 1/2"	95 1/2"	

6 Panel

Available in any combination of

Widths	169 1/4"	204 1/8"	276"
Heights	79 1/2"	95 1/2"	

THERMAL PERFORMANCE

Designed for superior insulation and year-round comfort, 6000 Series Multi-Slide Patio Doors feature Low E glass with Argon gas to enhance energy efficiency. The Low Emissivity coating helps retain heat during winter and block excess heat in summer, while Argon gas, a denser alternative to air, further reduces thermal transfer. This combination improves indoor comfort and helps lower energy costs.

THERMAL PERFORMANCE				
	U-FACTOR	SHGC	R-VALUE	VT
Clear	0.44	0.56	2.25	0.59
SolarZone®	0.28	0.20	3.54	0.47

Double-Strength Argon filled glass with spectrally selective coating on surface 2.

SolarZone® SF
Double-Strength Argon filled glass with spectrally selective coatings located on surfaces 2 & 4.

SolarZone® TG2
3-panes of Double-Strength Argon filled glass with spectrally selective coatings located on surfaces 2 & 5. Values based on Double-Strength glass with SolarZone® without grids. Other glass options available upon request.

RETRACTABLE SCREEN

"For added convenience and uninterrupted views, an optional retractable screen is available on select Multi-Slide Vinyl Patio Door configurations. Designed to blend seamlessly with the door frame, this innovative screen discreetly tucks away when not in use, preserving the open, airy aesthetic. Unlike traditional sliding screens, the retractable design eliminates the need for bulky framing, providing a sleek and modern solution for keeping fresh air in while keeping pests out. With smooth operation and a flush bottom track, it enhances both functionality and style without compromising the expansive feel of your patio doors.

6000 Series Multi-Slide Vinyl Patio Doors 3 Panel in White with optional retractable screen.

Patio Doors in Earthtone

CUSTOMIZATION TO MATCH ANY STYLE

Multi-Slide Vinyl Patio Doors offer a range of customization options to complement any home's aesthetic. Choose from a variety of interior and exterior colors, decorative grid patterns, built-in blinds, and stylish hardware finishes. With these tailored features, you can create a door system that enhances both your space and your personal style.

Color Finishes

A selection of interior and exterior finishes to complement any style.

Glass Options

Enhance your privacy and style with four optional glass choices for a sophisticated look.

Optional Blinds

Light control and privacy without the need for external window treatments.

Hardware

Stylish multi-point locking handles are available with a choice of elegant finishes.

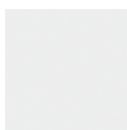

DECORATIVE OPTIONS

Multi-Slide Vinyl Patio Doors go beyond functionality—they are designed to seamlessly integrate with your home's aesthetic. A variety of interior and exterior colors allow you to coordinate with existing finishes, from classic neutrals to bold statement shades. Optional internal grids add character with multiple design patterns, while built-in blinds provide light control and privacy without the hassle of external treatments.

Hardware is more than just a detail—it's an essential part of the door's style and usability. Choose from three distinct multi-point locking handle designs—Contemporary, Modern, and Sleek—each available in a selection of finishes to complement your look. Whether you prefer a minimalist appearance or a more traditional feel, these doors are fully customizable to match your vision.

INTERIOR FINISHES¹

Available in three extruded colors—White, Tan, and Clay—that resist fading over time, with an optional Black interior for a bold, modern look.

OPTIONAL GRID PATTERNS⁴ AND COLORS⁵

Enhance your patio doors with optional internal grids, designed to add architectural detail while maintaining a smooth, easy-to-clean glass surface. Available in 3/4" contoured or 5/8" flat styles, these grids are color-matched to the exterior door finish for a seamless look. Choose from six classic patterns—Colonial, Valance, Perimeter, Prairie, Double Perimeter, and Double Prairie—to complement your home's style and create a refined, custom appearance.

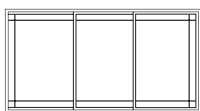

Grids are color-matched to your door by default unless otherwise specified. For a customized look, you can mix and match different grid and door colors to suit your style. Available in all interior and most exterior colors (see limitations) grids also come in an additional Brass finish for a distinctive touch.
