A VIEW WORTH FRAMING

Window World's 8000 Series Multi-Slide Vinyl Patio Doors feature a new configuration that allows the door to open from either the left or right side, providing greater flexibility and control.

Built with a strong, energy-efficient profile, these doors deliver superior thermal performance, lasting durability, and structural strength without added reinforcement. Door sills include a two-level drainage system for effective water management, while weatherstripping between panels blocks air infiltration and mounts to an adapter for easy replacement. Patented tandem wheels made from ultra-durable nylon provide smooth, quiet operation without marking the rail. Each unit is backed by a comprehensive limited lifetime warranty* for peace of mind.

3 Panel Multi-Slide Vinyl
Patio Doors in Bronze

BUILT FOR PERFORMANCE, DESIGNED FOR COMFORT.

Window World’s 8000 Series Multi-Slide Vinyl Patio Doors offer the perfect balance of durability, energy efficiency, and design flexibility. Featuring advanced SolarZone® insulating glass with Argon gas, these doors help maintain indoor comfort year-round by reducing heat transfer and improving overall thermal performance.

Laminated glass with an impact-resistant interlayer delivers added protection against flying debris, forced entry, and UV damage—while also reducing unwanted outside noise. Optional retractable screens provide a sleek, unobstructed view with no bottom threshold, creating a seamless connection between indoor and outdoor spaces.

Available in a wide range of standard and custom sizes, these doors are engineered to suit nearly any opening. They deliver a tailored fit, lasting performance, and refined style for any home.

Available in any combination of

Widths	86"	104"	139 ⁷ / ₁₆ "
Heights	79 ¹ / ₂ "	95 ¹ / ₂ "	

IMPACT-RESISTANT & NON-IMPACT COMPARISON

8000 IMPACT-RESISTANT PRODUCTS

The impact-resistant 1" laminated insulating glass not only offers dependable impact performance, but also provides UV protection and improved thermal performance.

8000 NON-IMPACT-RESISTANT PRODUCTS

Standard 3/4" insulating glass with the availability of many upgrades.

8000 Series 3 Panel Multi-Slide Vinyl Patio Doors in White with retractable screen.

THERMAL PERFORMANCE

Designed for exceptional insulation and year-round comfort, 8000 Series Multi-Slide Vinyl Patio Doors feature advanced Low E glass combined with Argon gas inside the insulating unit. The Low Emissivity coating reflects interior heat back into the home during colder months while blocking solar heat during warmer months to keep interiors cooler. Argon gas, a non-toxic and odorless gas that is denser than air, fills the space between the panes to slow thermal transfer and increase overall energy performance. Together, these features enhance indoor comfort, improve energy efficiency, and can help reduce monthly heating and cooling costs over time.

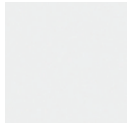

THERMAL PERFORMANCE				
	U-FACTOR	SHGC	R-VALUE	VT
SolarZone®	0.30	0.20	3.28	0.45
SolarZone® TG2	0.27	0.19	3.74	0.44

SolarZone®
Double-Strength Argon filled glass with spectrally selective coating on surface 2.

SolarZone® TG2
3-panes of Double-Strength Argon filled glass with spectrally selective coatings located on surfaces 2 & 5. Values based on Double-Strength glass with SolarZone® without grids. Other glass options available upon request.

INTERIOR FINISHES¹

Available in three fade-resistant extruded colors: White, Tan, and Clay, with an optional Black interior for a bold, modern look.

OPTIONAL GRID PATTERNS⁴ AND COLORS⁵

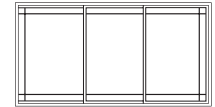

Enhance your patio doors with optional internal grids that add architectural detail while preserving a smooth, easy-to-clean glass surface. Available in 5/8" contoured or flat styles, these grids are color-matched to your exterior door finish for a seamless look. Choose from six classic patterns—Colonial, Valance, Perimeter, Prairie, Double Perimeter, and Double Prairie—to complement your home's style. Grids are matched to your door by default, but you can mix and match colors for a custom appearance. Available in all interior and most exterior colors (see limitations), grids also come in a distinctive Brass finish for added character.
