HOMeward BOUND WITH COLOR AND STYLE

Whether your home is large or small, traditional or modern, urban or rural – Window World has everything you need to give your home a style all its own. Just keep in mind a few fundamentals to get your creative eye focused and let your ideal design take shape.

MONOCHROMATIC COLOR SCHEME

An exterior color palette of similar hues will make a smaller home appear larger. Add a dramatic touch of style to the subtle tone-on-tone effect by choosing a bold, contrasting color for the front door.

CONTRASTING COLORS

Exterior designs with contrasting colors call attention to architectural details, such as dormers and gables. A darker siding color, such as Flagship Brown, along with Monterey Sand trim, is just one of many exciting color pairings that achieve head-turning style.

SURROUND EFFECTS

Before you choose colors for your home, take a fresh “first look” at the color of your roof shingles, stone masonry, or brick accents, and any significant landscaping that might affect the color scheme. If you have nearby neighbors, you may want to consider the design of their homes as well.

GETTING STARTED:

- Choose 3 – 6 colors, depending on the siding and trim.
- If you choose to use 2 siding colors on the same home, use the darker shade on the bottom.
- 1 trim color and 1 accent color for features such as doors and shutters.
- Mix siding with stone veneer, shakes, or scallops to add texture and depth to the exterior design.

A More Sustainable Choice

Conserving natural resources, reducing waste, and choosing sustainable products are just a few ways we can help protect our planet. Together, we can encourage ecological well-being and a smaller environmental footprint.

- As a durable product with a long service life, vinyl siding has been shown in a cradle-to-grave Life Cycle Assessment study commissioned by the Polymeric Exterior Products Association (PEPA) to have a smaller environmental footprint relative to competing materials.¹
- Vinyl siding never needs to be painted, which helps prevent paint, stain and other maintenance-related products from harming the earth.
- Insulated vinyl siding can improve the energy efficiency of wall systems, thereby reducing heating and cooling energy consumption.²

INSULATED VINYL SIDING 6000-AS

Window World 6000-AS Insulated Vinyl Siding is the ultimate collaboration of superb aesthetics, enduring performance, and year-round protection against energy loss.

Season after season, you'll not only enjoy the high-end style and carefree upkeep of your home, you'll also appreciate a more comfortable and balanced indoor climate. This precision-engineered insulated wall system creates a weathertight finish that helps reduce heating and cooling energy use.

6000-AS Double 6" Clapboard
in Antique Parchment

SHIELD YOUR HOME AGAINST ENERGY LOSS

With Window World 6000-AS Insulated Vinyl Siding, the Expanded Polystyrene (EPS) rigid foam is laminated beneath the .046" thick (nominal) siding panel for a formidable wall of thermal protection.

INSULATING PERFORMANCE POWER

Window World 6000-AS Insulated Vinyl Siding's fully integrated insulation - up to 1-1/2" thick nominally - will help keep your home warm and comfortable in the winter and refreshingly cool in the summer with less energy spending. It also helps prevent impact damage, reduces noise infiltration, and discourages termites from nesting behind the siding.

PERM RATING OF UP TO 5

"Breathable" insulation with a Perm Rating of up to 5 allows moisture to escape and not get trapped inside, which can lead to mold and mildew.

ENGINEERED STRENGTH

An exclusive interlocking tongue-and-groove panel design means Window World 6000-AS stacks firmly and locks in place. The fully rolled over, double-thick nail hem anchors panels to the wall; meets or exceeds ASTM D5206 test standard for negative wind load resistance.

EXCEPTIONAL APPEARANCE

Available in Double 6" Clapboard and Double 5" Dutch Lap, Window World 6000-AS embodies the beauty of traditional finely milled cedar planks. The 16'8" extended length panel is nearly 39% longer than conventional 12' siding for a markedly superior appearance with fewer overlapping seams.

VIRTUALLY MAINTENANCE-FREE

Highly durable vinyl panels won't chip, flake or peel like painted wood and never need to be painted.

PEACE OF MIND

Window World 6000-AS is backed by a lifetime limited, transferable warranty* - including fade and hail protection.

COLOR COLLECTION

All colors may not be available in all profiles.

Window World 6000-AS Vinyl Siding is backed by the Good Housekeeping Seal.

REINFORCED VINYL SIDING 4000-AS

Window World 4000-AS Reinforced Vinyl Siding provides everything you want in a siding - superior panel quality, incredible curb appeal, and a wide choice of color options.

Expertly crafted for long-lasting beauty and durability, Window World 4000-AS Reinforced Vinyl Siding is one of the best investments you can make for your home. State-of-the-art developments in color technology allow you to create special effects and customized style using both warm and cool hues for a look that's all your own.

4000-AS Double 4-1/2" Clapboard
in Maple

Integrating optional contoured insulated foam creates a thermal blanket of protection that helps block energy loss for a more balanced and enjoyable indoor climate.

SUPERB MATERIALS, EXCEPTIONAL RESULTS

With the perfect fusion of skilled craftsmanship, design ingenuity, and artistic detail, Window World 4000-AS promises impeccable style and enduring protection for your home.

OUTSTANDING CONSTRUCTION AND DESIGN

Window World 4000-AS is engineered and manufactured to provide exceptional beauty, strength, and durability. The heavy-duty .046" thick (nominal) premium vinyl panel, fully rolled nailing hem, and secure panel locking system deliver an extra-strong wall attachment. Tested to withstand negative wind load resistance per ASTM D5206, Window World 4000-AS meets or exceeds the industry standard for wind load performance.

SUPERIOR FINISHED LOOK

The innovative compound vinyl resin formula and resilient construction also provide another, perhaps more important attribute: superior rigidity. The enhanced structural integrity ensures straight course lines and even walls – on both new and existing homes.

CAREFREE UPKEEP

A great choice for today's lifestyle, Window World 4000-AS is virtually maintenance-free. The high-performance vinyl won't warp, rot, or peel and never needs to be painted. Simply rinse occasionally with a garden hose to remove most airborne dust and dirt and refreshen the appearance.

BEAUTIFUL SIDING PROFILES AND DECORATIVE OPTIONS

Choose from traditional Double 4-1/2" Clapboard or elegant Double 4-1/2" Dutch Lap profiles, an array of architecturally pleasing colors, and a rich oak grain texture. With a full selection of colors, trim, and decorative accents, you'll have everything you need to give your home your personal touch.

PEACE OF MIND

Window World 4000-AS Reinforced Vinyl Siding is backed by a lifetime limited, transferable warranty* – including fade and hail protection. Protecting not only you, but the next owner of your home as well.

Window World 4000-AS Vinyl Siding is backed by the Good Housekeeping Seal.

VINYL SIDING 2000-AS

Window World 2000-AS Vinyl Siding provides everything you want in a home exterior - convenience, great quality, and rich curb appeal at an easily affordable price.

Quality and value effortlessly combine to bring you Window World 2000-AS Vinyl Siding. Featuring a heavy-duty panel construction and design innovations, this siding system will give your home a beautiful finish that's strong and protective.

2000-AS Double 5" Dutch Lap
in Maple

CLASSIC BEAUTY, ENDURING PROTECTION

Window World 2000-AS Vinyl Siding delivers the best of both worlds: the classic style of authentic clapboard siding along with the high-performance properties and easy upkeep of vinyl.

SUPERIOR DESIGN AND CONSTRUCTION

Incorporating premium raw materials, innovative design technology, and manufacturing excellence, Window World 2000-AS is precision-engineered to meet or exceed stringent quality standards for long-lasting beauty and performance.

INNOVATIVE LOCKING SYSTEM

Window World 2000-AS Vinyl Siding features a strong .044" panel thickness (nominal) with an advanced locking system that increases rigidity so walls stay straight and smooth. Double-staggered nail slots and a double-thick nailing hem provide powerful wall-gripping strength, keeping siding tight on walls even in challenging winds.

HIGH-END APPEARANCE

Choose from America's most popular siding styles in traditional Clapboard or beveled-edge Dutch Lap, available in Double 4" and Double 5" widths. A natural grain texture, realistic shadow lines, and low-gloss finish recreate the classic appeal of freshly painted wood siding.

BUILT WEATHER-TOUGH!

While you may be drawn to Window World 2000-AS Vinyl Siding for its attractive appearance, you'll also be impressed by its all-weather protection. The heavy-duty construction and increased structural integrity of this premium siding system will shield your home from the elements, including pounding rain, harsh winds, and intense temperatures. Your home will have an exceptional finish that stands the test of time.

EASY MAINTENANCE

Save time and money without the upkeep that wood requires. Window World 2000-AS is made of durable, weather-resistant vinyl, so it won't chip, flake, or blister like painted surfaces and won't warp or rot due to moisture. Just wash it occasionally with water from a garden hose to keep it looking like new.

PEACE OF MIND

Backed by a lifetime limited, transferable warranty,* including fade and hail protection, Window World 2000-AS Vinyl Siding delivers long-lasting beauty designed for years of enjoyment.

Window World 2000-AS Vinyl Siding is backed by the Good Housekeeping Seal.

2000-AS Double 4" Clapboard in Ageless Slate

VINYL SIDING 1500-AS

With four beautiful designs to choose from in a natural cedar grain texture, Window World 1500-AS merges classic beauty with modern practicality.

Durable and dependable, Window World 1500-AS panel construction is enhanced with a reinforced, rolled-top nailing hem for increased strength and structural integrity. This sturdy wall attachment ensures the siding stays firmly in place, achieving overall stability and excellent performance despite exposure to harsh winds and weather.

in Glacier White

1500-AS Double 5" Clapboard in Vintage Wicker with Hand-Split Shakes-AS in Canyon Drift

1500-AS Double 4" Dutch Lap in Charcoal Smoke

SIMPLICITY AND EASE

Expertly crafted with attention to detail, Window World 1500-AS Vinyl Siding will impart casual elegance that's built to last.

TIMELESS STYLE

From the day it's installed on your home, you'll enjoy the attractive appearance of Window World 1500-AS. The superior craftsmanship combined with the low-gloss finish beautifully replicate the look of freshly painted wood.

SIMPLE UPKEEP

Say goodbye to time-consuming and costly annual upkeep. Window World 1500-AS Vinyl Siding will save you precious time and money because it does not require the maintenance some other sidings demand. Window World 1500-AS Vinyl Siding won't chip, flake, or blister. There is no need to sand, stain, or paint. An occasional wash with the garden hose will help keep it looking like new.

HIGH-STYLE COLOR WITH EVERYDAY VALUE

Whether you prefer classic color combinations or a creative mix of bold hues, the expanded color palette of Window World 1500-AS Vinyl Siding makes it easy to achieve your ideal finished look. Featuring four profiles in Double 4" and Double 5" Clapboard and Dutch Lap designs, this expertly crafted siding is a premier choice for enduring style, easy upkeep, and everyday affordability.

CHOOSE DARKER COLORS WITH CONFIDENCE!

Darker siding colors stay beautiful and true, thanks to ChromaTrue® fade-defying technology. This special copolymer compound fortifies the siding with superior color retention and a highly weatherable finish that stands up strong to dings and abrasions.

PEACE OF MIND

Window World 1500-AS Vinyl Siding is backed by a lifetime limited, transferable warranty,* including fade and hail protection - further assurance your home will look great for years to come.

VINYL SIDING 1000-AS

Window World 1000-AS Vinyl Siding's enduring beauty and easy upkeep make it a popular choice for today's homes.

The perfect balance of quality and value, Window World 1000-AS Vinyl Siding gives you the outstanding beauty of natural cedar grain texture with none of the maintenance worries of painted wood. This highly weatherable panel creates an easy-care home exterior, which can heighten the curb appeal of your home as well.

1000-AS Double 4-1/2" Clapboard
in Antique Parchment

IMPRESSIVE STYLE WITH EVERYDAY AFFORDABILITY

Practical and well-designed, Window World 1000-AS delivers enduring style with exceptional value – a combination homeowners around the country have embraced.

OUTSTANDING BEAUTY AND PROTECTION

The siding on your home does much more than create a beautiful appearance. It provides an essential shield against challenging weather elements, including pounding rain, high winds, and harsh temperatures. Window World 1000-AS Vinyl Siding's quality design and construction will protect your home year-round with a durable finish.

IDEAL FOR TODAY'S LIFESTYLE

When you choose Window World 1000-AS Vinyl Siding for your home, you're eliminating most of your exterior upkeep. The high-performance panel won't chip, flake, or peel and never needs to be painted. And unlike wood, it won't rot and warp from exposure to moisture. Simply rinse occasionally with your garden hose to remove most airborne dust and dirt and restore the like-new beauty.

EXCEPTIONAL QUALITY

Window World 1000-AS features a rolled-top nailing hem for an extra-strong wall attachment that withstands tough weather conditions. This rigid exterior is not only easy and convenient to care for, but can also improve the value of your home.

SUPERB APPEARANCE

Crisp shadow lines coupled with a natural cedar grain texture and a wide range of low-gloss colors create timeless beauty. Available in Double 4-1/2" Clapboard and Double 4-1/2" Dutch Lap profiles.

PEACE OF MIND

Backed by a lifetime limited, transferable warranty,* including fade and hail protection, Window World 1000-AS Vinyl Siding will enhance your home with a beautiful exterior that's built to last.

VERTICAL VINYL SIDING
BOARD & BATTEN-AS

The flat board and raised batten strip of our Board & Batten-AS Vertical Vinyl Siding imparts the perfect touch of modern farmhouse charm.

In Board & Batten-AS, you have discovered a beautiful home exterior that creates the distinctive look of handcrafted wood siding, but without the time-consuming maintenance. The heavy-duty design and construction of this high-performance vertical profile will give your home an exceptional exterior.

Board & Batten-AS
in Midnight Blue

Board & Batten-AS Vertical Siding in Cast Iron

DESIGN READY!

Window World Board & Batten-AS Vertical Vinyl Siding makes it easy to achieve your home's perfect design potential. Paired with Clapboard or Dutch Lap siding, this versatile vertical profile will add eye-catching style and dimension to gables, dormers, and other architectural areas. Choose from an extensive color palette in a light roughsawn texture to create your ideal home exterior.

HISTORICAL DESIGN WITH MODERN APPEAL

Board & Batten masterfully recreates handcrafted siding from centuries ago, when roughly sawn planks of wood were joined vertically side by side and reinforced with a wood batten strip over each joint to create a strong and attractive home exterior.

Faithful to this historic design, Window World Board & Batten-AS features a 5-1/2" board face and a 1-1/2" batten strip that projects 1/2" above the board surface. Whether used as a whole-house exterior or as an architectural accent, this versatile panel will enhance your home with a quality-crafted finish.

VIRTUALLY MAINTENANCE-FREE

Everyone seems to love wood - until it's time to repaint it. Long-lasting Window World Board & Batten-AS looks as beautiful as authentic wood but won't split, crack, rot, or fade and never needs to be painted. Simply rinse occasionally with your garden hose to remove most airborne dust and dirt and restore the like-new beauty.

ADDED PROTECTION FOR YOUR HOME

Vinyl siding thickness affects durability, rigidity, and the overall look of a home by helping to conceal any imperfections in the underlying wall behind it. Due to its enhanced thickness, Window World Board & Batten-AS protects your home from impact damage while staying straight and even year after year.

PEACE OF MIND

Backed by a lifetime limited, transferable warranty,* including fade and hail protection, Window World Board & Batten-AS Vertical Vinyl Siding delivers outstanding performance and classic curb appeal at an affordable cost.

SPECIALTY SIDING

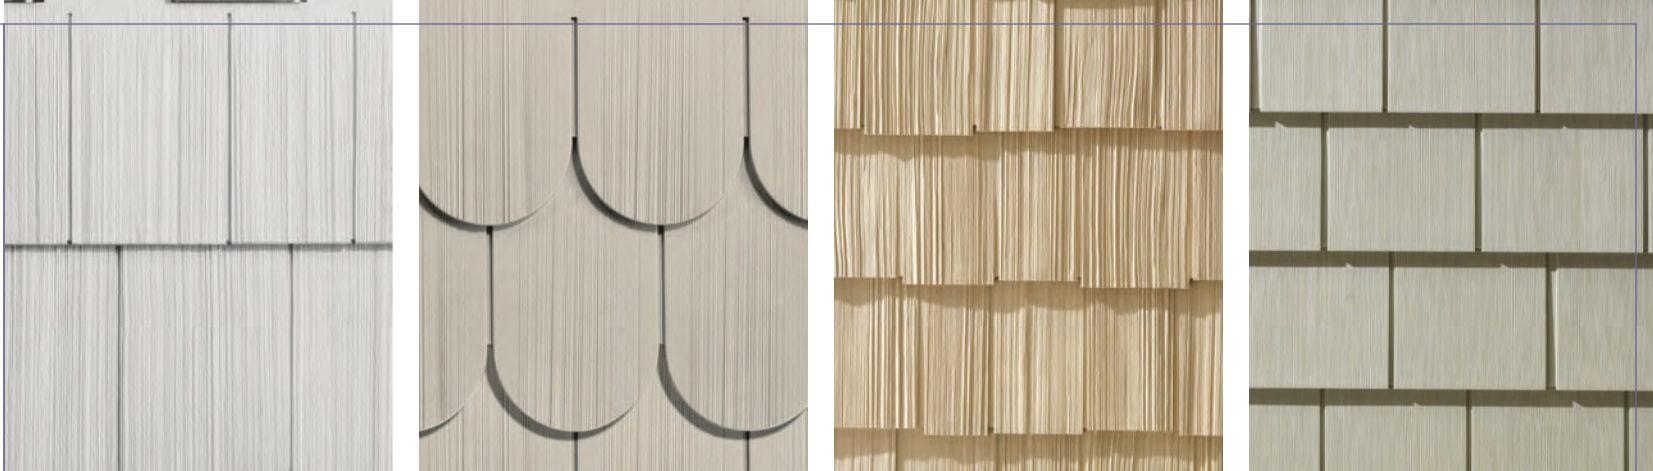

SHAKES AND SCALLOPS-AS

Window World Shakes and Scallops-AS are an excellent option for adding character and charm to your exterior design.

Once only associated with Coastal, Victorian, or Queen Anne homes, shakes and scallops are becoming increasingly popular siding options for homes across the country. Pairing perfectly with siding and other cladding materials for added depth and custom appeal, Window World Shakes and Scallops-AS are designed to offer you the natural beauty of cedar that's easy to clean and affordable to maintain.

Shakes and Scallops-AS
in Tuscan Clay

Choose from one of four profiles (left to right): Traditional Shakes, Scallops, Hand-Split Shakes, and Cape Cod Shingles.

ORGANIC ELEGANCE

The warmth and charm of Window World Shakes and Scallops-AS will give your home a natural-looking cedar grain appearance in a virtually maintenance-free exterior.

WINDOW WORLD SHAKES-AS

Our shakes collection captures your attention with its design versatility and impeccable detail. From Cape Cod Shingles with a subtle grain texture to the rustic dimension of Hand-Split Shakes, you can create an upscale look that is rich in character. The random grain is taken from actual cedar shake to provide realistic shadow lines and an exceptional finished appearance. Choose from a variety of traditional and contemporary colors to achieve the look you desire.

WINDOW WORLD SCALLOPS-AS

Window World Scallops-AS provide one-of-a-kind style and originality for your home. Incorporating scallops in a gable will enhance your home's architectural features, conveying casual charm and elegance. And, with a wide selection of color options, this beautiful decorative accent complements all Window World siding products.

DESIGNED FOR ENDURING BEAUTY

With Window World Shakes and Scallops-AS you can count on years of saving the expense of scraping, sanding, painting, and staining. Each panel is carefully manufactured with a unique finish that improves fade resistance and weatherability. The Window World Shakes and Scallops-AS line now offers an exciting variety of colors that are made possible through an acrylic finish process. From rustic to sophisticated, the hallmark of this palette is natural beauty.

VINYL ACCESSORIES

REINFORCED VINYL SOFFIT-AS

Window World Reinforced Vinyl Soffit-AS recreates the beauty of handcrafted wood soffit in a high-performance vinyl construction.

Expertly crafted for enduring style, Window World Reinforced Vinyl Soffit-AS will protect the rooflines, gables and other hard-to-reach areas of your home with a beautiful finish

Reinforced Vinyl Soffit-AS
in Glacier White

BEAUTIFULLY PROTECTIVE

Soffit plays an important role in preserving your home. It promotes directional air circulation through the eaves and rafters to eliminate moisture that can cause rotting and decay of the roof's structure, keeping your home in great shape inside and out.

ULTRA-RIGID SOFFIT DESIGN

The innovative lock design keeps soffit panels flat and level for exceptional beauty year after year. This feature allows Window World Vinyl Soffit-AS to easily span long runs without sagging, while virtually eliminating cupping.

HIDDEN VENTILATION

Continuous airflow is necessary to keep attics cool and dry, yet the appearance of these "grates" can be less than ideal. Window World Reinforced Vinyl Soffit-AS features hidden aeration openings for a beautiful appearance and exceptional performance.

EASY-CARE CONVENIENCE WITH TRUE WOOD APPEAL

Wood soffit and trim look great when first installed, however after time they can become worn and damaged. Window World Vinyl Soffit-AS and Accessories are made of weather-resistant vinyl so rain and humidity don't cause problems. An occasional rinse with a garden hose is all it takes to restore the just-installed look of freshly painted wood.

EXTENSIVE DESIGN OPTIONS

Window World Reinforced Vinyl Soffit-AS and Accessories are available in a wide array of colors that complement Window World siding. Add beautiful detail to windows, entryways, and corners to emphasize your home's architectural style for a lasting impression. The non-vented soffit profile may also be used as vertical siding to accentuate elements such as gable ends.
